

# Ultramax Tile & Vinyl Cleaner

## For Swimming Pools

Removes and Prevents tile and vinyl stains, oil & grime

Body oils, suntan lotions, dirt and grime from outside exposure and mineral deposits combine to form dull films and scum lines on tile and vinyl, taking away the sparkle from your pool. Tile & Vinyl Cleaner is a proprietary blend of amines, organic and inorganic acids and surfactants that chemically dissolve stains from tile surfaces, returning the tile to its original clean shiny surface. This product also contains components which control plaster and grout damage.

### BENEFITS

- ✓ **Eliminates acid fumes** – Ultramax Tile & Vinyl Cleaner contains components that arrest fumes usually associated with acid cleaners.
- ✓ **Environmentally safe** – All cleaning agents are biodegradable.
- ✓ **Sequesters metals and minerals** – This product sequesters the material causing stains and scale on tile and vinyl surfaces and holds them in solution.
- ✓ **Improved “Thick” formulation** – The thickness of the cleaner is such that it clings to the surface being cleaned, even on vertical surfaces.
- ✓ **Non-abrasive** – Although the product contains acids, it does not damage the tile surface.
- ✓ **Preventative and cure** – This product not only removes stains from tile and vinyl surfaces, but also helps prevent future stain formation.
- ✓ **Removes “Bathtub Ring”** – Removes body oils, dirt and grime that form the “bathtub ring” on pool and spa walls.
- ✓ **No etching** – Ultramax Tile & Vinyl Cleaner controls etching of plaster surfaces.
- ✓ **Easy to use** – Compared to other less effective tile cleaners, less scrubbing is required.

### DIRECTIONS FOR USE

- Apply Ultramax Tile & Vinyl Cleaner with a wet sponge or brush directly onto the surface being cleaned. Scrub the surface. Amount required will vary depending upon the build-up of oil and grime.
- For heavy stains, allow cleaner to soak on for 5 – 10 minutes before scrubbing.
- After application, rinse area with pool water to remove grime completely.
  - ◆ **Note:** Rubber gloves are recommended when using this product.

### AVAILABILITY

Ultramax Tile & Vinyl Cleaner is available in 1 quart bottles.
